

CHAIR OREFO

Modernity meets purist design: the Orefo chair convinces with its industrial retro look. The simple design allows for good, ergonomic seating comfort, while the filigree composition of the chair makes it look light in its form language. The hard-wearing surface is easy to clean. Ideal for dining rooms and for entertaining guests indoors. Particularly classy: the fastening points of the back and seat with their brass-coloured flat-head screws.

- Filigree powder-coated steel frame
- Distinctive design
- Brass fasteners
