

## DINING TABLE KORD

The elegantly shaped square base and square column give Kord a compact and modern look. The black lacquered steel frame can be combined with different tabletops. Kord is available in both dining and standing table heights, with or without FLAT technology, and can also be equipped with a tilting mechanism for space-saving storage. It is suitable for both indoor and outdoor use. Thanks to the hydraulic floor gliders of the FLAT system, the table automatically adapts to uneven floors, ensuring it always stands securely and stably – no more wobbly tables. The patented system reacts instantly to the surface and ensures a firm and consistent position.

- Weather-resistant and easy to maintain
- Robust steel frame
- Wobble-free through floor adjustment
