

CHAIR TITO

The stackable Tito chair—available with and without armrests—is particularly easy to maintain thanks to the combination of powder-coated aluminum for the frame and wood-look polystyrene for the seat, backrest, and armrest supports. Two color variants are offered: a silver frame with a teak wood look and an anthracite-colored frame with dark brown slats. Matching the chairs and the bar stool, which can be used both indoors and outdoors, tables are also available.

- Natural real wood look
- Maintenance-free
- Robust
