

LOUNGER SELINA

The SELINA lounge combines stylish lightness with professional durability, making it ideal for use in gastronomy, hospitality, thermal spas, and spa areas. Its foot bracket made of glass fiber-reinforced polypropylene and the powder-coated aluminum frame ensure stability, longevity, and pleasantly easy handling in everyday use. The durable polyester mesh fabric is easy to care for, comfortable, and dries particularly quickly. Thanks to transport wheels, SELINA can be moved flexibly and repositioned quickly. The stackable design also saves space and facilitates storage and cleaning. Thus, SELINA impresses not only with comfort and a modern look, but also with an attractive price-performance ratio for professional use.

- Saves effort: Lightweight, stackable, and quick to reposition
- Suitable for outdoor use: Robust, weather-resistant, and quick-drying
- Cost-effective: High comfort with a strong price-performance ratio
