

## CORNER ELEMENT HESTER

The Hester bench system - consisting of a 60 cm element, 120 cm element and inner corner (70 x 70 cm) - is versatile. The elements can be easily linked together. There is a free-standing version and a wall-mounted version with stretch fabric on the back. The frame is available in dining table and high table heights and can be combined with different colored legs and plinth panels. Hester is part of the fabric collection and therefore available in numerous color and fabric variations.
