

DINING TABLE KONDO

Kondo is a true all-rounder for outdoor use – side-stackable and available as a dining table or high table. The powder-coated aluminium frame is available in silver or black and, with round tabletops (Ø 60–80 cm) or square formats (60 × 60 to 80 × 80 cm), fits into almost any terrace concept. Thanks to the tilting and folding mechanism, the tables can be stacked sideways – perfect when you need to rearrange quickly or create space. Adjustable floor glides compensate for uneven surfaces and prevent wobbling. The most important professional features are already included. Bottom line: excellent value for money with maximum flexibility in everyday use.

- Quickly stored away: tilting and folding mechanism makes Kondo side-stackable and saves space and time when rearranging
- Always fits: many tabletop formats (round Ø 60–80 / square 60–80) + frame in silver or black for any concept
- Stable in use: adjustable floor glides compensate for unevenness and reliably stop wobbling
