ARMCHAIR **NORITA**

The Norita chair with armrests is designed for everyday use in gastronomy, both indoors and outdoors. The powder-coated aluminium frame with metal backrest is stable, scratch-resistant and easy to clean – ideal for terraces, beer gardens or cafés. The seat made of quick-drying plastic wicker delivers low-maintenance use and a high-quality look. Thanks to the slight inclination of the seat and back and the ergonomically shaped backrest, a pleasantly comfortable sitting experience is created even during longer stays. Due to weatherproof and UV-resistant materials, the chair remains shape- and colour-stable even under intensive use. The low weight makes daily moving and stacking easier and thus relieves the service staff.

- Powder-coated aluminium frame with metal back: stable, scratch-resistant, easy to clean
- Seat made of quick-drying plastic wicker: weatherproof, UV-resistant, low-maintenance
- Ergonomic shape with inclined seat and back: high seating comfort even during extended periods of sitting
- Powder-coated aluminium frame with metal backrest: stable, scratch-resistant, easy to clean.
- Seat surface made of quick-drying plastic weave: weatherproof, UV-resistant, easy-care.
- Ergonomic shape with an inclined seat and backrest surface: high seating comfort even when sitting for longer periods.
