

ARMCHAIR **PENRA**

Our outdoor armchair Penra impresses with a smooth tubular frame made of powder-coated aluminum in an elegant wood look, which appears like a warm wooden frame and emphasizes the organic design language. The seat and backrest made of flexible plastic wicker in rope look adapt to the body and provide high seating comfort, even during extended sitting. The wicker dries quickly, does not soak up water, and is extremely easy to care for. All materials are weatherproof and UV-resistant, and the chair is also stackable, making it ideal for professional use in gastronomy, hotels, and contract settings. This creates a stylish, relaxed atmosphere with a distinctive Ibiza-Boho feeling.

- Flexible, quick-drying rope weave that adapts to the body and offers a high level of seating comfort.
- Weatherproof, UV-resistant materials and a robust aluminium frame with a wood-effect finish for long-term outdoor use.
- Stackable and easy to handle – ideal for quick rearrangement of seating and space-saving storage in the catering industry.
