

ARM CHAIR **HIVO**

The Hivo model, made of powder-coated aluminum, is particularly easy to handle and designed for intensive professional use. The round, trendy design with horizontal slits in the seat and vertical slits in the back provides a modern look and ensures that rainwater drains reliably in outdoor areas. Particularly striking is the frame, which fits elegantly and almost seamlessly to the seat and back, giving the chair a continuous, very high-quality line. The UV-resistant, weatherproof material guarantees durability on the terrace, balcony, and indoors, while also being easy to clean. Transparent floor gliders as well as the stackability of the chair and armchair make the model additionally practical and high-quality.

- Easy to handle, stackable, and made of powder-coated aluminum – robust and low-maintenance.
- Trendy round design with horizontal seat and vertical back slits, UV-resistant and weatherproof.
- High-quality details such as flowing frame and transparent gliders.
