

ARM CHAIR MEYORO

The Meyoro armchair combines modern design with well-thought-out functionality for outdoor use. The powder-coated aluminum frame looks slim and contemporary while remaining stable and durable. The rope-look synthetic weave is quick-drying, does not absorb water and is therefore ideal for outdoor use. The continuous wrapping of the armrests with the rope weave emphasizes the high-quality, consistently designed look. In the seat, a cross-woven pattern creates a distinctive appearance, while the vertical double weave in the back provides stable support and good seating comfort. The chair is stackable and therefore perfect for flexible seating in high-traffic outdoor areas.

- Quick-drying synthetic weave in rope look that does not absorb water
- High-quality appearance thanks to wrapped armrests, cross weave in the seat and double weave in the back
- Stackable, powder-coated aluminum frame for flexible and robust hospitality seating
