CHAIR SELVON

Selvon thrives on its mix of materials and, thanks to two well-conceived color options, can be integrated with exceptional flexibility into a wide variety of interior and color concepts – warm and inviting or clean and modern. The slim steel frame appears lightweight but is additionally reinforced to ensure reliable long-term performance in contract environments. The backrest made of FSC-certified real wood veneer adds a natural, high-quality touch to the setting. The upholstered seat with durable faux leather is comfortable, easy to care for, and ideal for daily use in the hospitality sector. Available either with a black-stained and lacquered ash backrest plus cognac faux leather or with a natural lacquered oak backrest plus graphite faux leather – two looks that work harmoniously both on their own and when mixed.

• Flexible design: Two color options that can be combined harmoniously solo or mixed.
• Contract quality: Extra-reinforced steel frame for reliable long-term use in everyday hospitality settings.
• Care & comfort: Upholstered seat made of durable faux leather – comfortable and particularly easy to maintain.
• Flexible design: Two colourways that combine harmoniously, whether solo or mix-and-match
• Contract quality: Extra-reinforced steel frame for durable, reliable performance in everyday hospitality use
• Care & Comfort: Padded seat made of hard-wearing faux leather – comfortable and especially easy to clean
