

ARMCHAIR **HECO**

The Heco furniture series made of powder-coated aluminum includes chair, armchair, barstool and 2-seater bench. All elements are lightweight, stackable and suitable for flexible seating in indoor and outdoor areas. The powder-coated surfaces are easy to maintain, scratch-resistant and designed for heavy everyday use. The deliberately slightly larger frame diameter is a key design feature: it emphasizes the round, soft lines and gives the series a calm, high-quality appearance. The timeless look of this specially developed collection blends equally well into cafés, restaurants, bars, hotels, offices and public facilities.

- Lightweight, stackable aluminum series
- Easy to clean and scratch-resistant for everyday use
- Timeless, versatile design
- indoor and outdoor
