BAR STOOL HECO

The Heco furniture range made of powder-coated aluminium includes a Chair, Armchair, Bar stool and 2-seat Bench. All elements are lightweight, stackable and suitable for flexible seating in indoor and outdoor areas. The powder-coated surfaces are easy-care, scratch-resistant and designed for heavy daily use. The deliberately slightly larger frame diameter is a key design feature: it emphasises the round, soft lines and gives the range a calm, premium appearance. The timeless look of this specially developed collection blends seamlessly into cafés, restaurants, bars, hotels, offices and public spaces alike.

- Lightweight, stackable aluminum series
- Easy to clean and scratch-resistant for everyday use
- Timeless, versatile design
