

CHAIR OVRA

The minimalist Ovra restaurant chair in a modern industrial style is deliberately designed with a slim profile – allowing you to create more seating in the dining area without it feeling cramped. The black powder-coated steel frame is robust, scratch-resistant and particularly easy to maintain. Seat and backrest are optionally made of real oak veneer, natural or stained black and lacquered, making them quick and easy to clean. Alternatively, the chair is available with an upholstered seat in a wide range of materials and colors from our fabric concept. Ergonomically shaped seat and back sections ensure comfortable seating, even during longer stays. The elegant round tubular frame with a curved transition between seat and back completes the look; plastic glides are included.

- Slim, minimalist design: more seating in the dining area without a cramped feel.
- Easy-care and robust: black powder-coated steel frame plus lacquered wooden surfaces for quick cleaning.
- Flexible concept: oak veneer (natural/black) or upholstered seat in a wide range of materials and colors.
