CHAIR YELA

The professional seminar chair Yela is stackable and therefore quick and space-saving to store. The reinforced steel frame is optionally available in black powder-coated (suitable for outdoor use) or chrome and supports up to 160 kg. The glass fiber-reinforced polypropylene shell is dimensionally stable, robust, and easy to clean. Due to its compact dimensions, it is suitable for dense seating in training sessions, conferences, and auditoriums. It also fits in education, healthcare, retail, canteens, and leisure rooms. Its excellent price-performance ratio completes the package.

- stackable & compact for high seating density
- Up to 160 kg load capacity: reinforced steel frame, black or chrome
- Easy-care GFRP-PP shell – great value for money
- Stackable & compact for high seating density
- Load capacity up to 160 kg: reinforced steel frame, black or chrome
- Low-maintenance GRP-PP shell – excellent value for money
